To whom it may concern,

Thank you for trusting Voyager Business Concepts as your Business Solutions Consultant. Please let us know how things are going and if you have any new needs we are unaware of or if you have any new challenges.

Recovering from a devastating natural disaster can bring the best out of all of us. We know that times may be rough right now but we are here to make your future brighter than ever. Dating all the way back to Hurricane Andrew in 1992, Voyager has been there for hundreds of local businesses in their toughest times. We know first hand how to deal with, and overcome these hardships.

As the rebuilding process gets underway, we know that many small contractors and construction businesses will be starting up to help in any way they can. Many of you may know someone who is trying to obtain workers comp or payroll service and we would be happy to take the burden off of their shoulders. Rather than struggling to find just a few quotes, Voyager can utilize over 20 PEO's to find the best price and fit for each business, with ***workers comp available immediately***. We would like to help them just as we have helped you in the past.

IMPORTANT-- New I-9 forms have been released and will be mandatory for new hires as of September 18th 2017 Please click the link above for additional info & copies.

It is our responsibility here at Voyager to stay up to date on everything PEO so that we ensure you are receiving the best possible service. If you are ever unhappy with your current provider we at Voyager will gladly go to bat for you, whether that is negotiating a new rate or finding you a new PEO altogether. Our

in-depth personal relationships with the CEO's and owners of PEO's gives us an advantage in not only getting you the best possible price, but maintaining a long-term relationship throughout all parties.

We take pride in our long-lasting relationships with our clients and PEO's. It is our sincere goal to have you as a happy client and make this a fulfilling relationship. We are here for any and all questions or concerns you might have. We would be more than happy to help, feel free to reach out to us at any time.

Sincerely,

Colby Tutterrow
